

## LLPM Update—Summer 2015

As part of the government's mandate to modernize Ontario's gaming industry, the *Lottery Licensing Policy Manual* (LLPM) has been updated to reflect previous changes to the *Gaming Control Act* and the subsequent introduction of a new registration fee schedule that was released January 2015. ([New fees schedule.](#))

In keeping with this commitment we are pleased to provide you with an updated version of the LLPM ([link to PDF](#)), which can be found on the AGCO web site. From the website ([link to LLPM page](#)), you will also be able to print individual chapters if you wish to do so. We encourage electronic reference to the LLPM, to ensure access to the most up-to-date information. Changes include the following:

- OLG “manage and conduct” references have been removed from the LLPM, as these are no longer applicable. (Note that references to “Big Link” bingo have also been removed, including sections 9.5.2 and 9.7.5(c).)
- **A, B, C bingo halls**—references have been removed and replaced with “bingo halls”.
- **1.1.0(a) Definitions**—This section was added to make users aware of the new registration class terms, some of which are used in the LLPM (for example, the “bingo hall owner/operator” is now just an “Operator”).

As requested by the industry, the follow sections have been rewritten to provide further clarification:

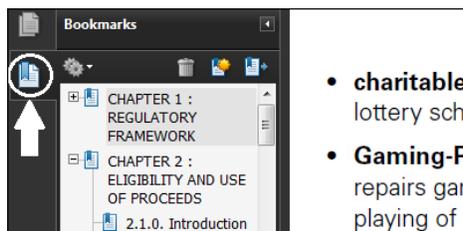

**3.6.7. Financial guarantees**—this section has been re-written for clarification only.

**5.2.1(e) “Rubber duck” race**—There have been requests to have similar races using objects other than rubber ducks. A definition of the type of object that may be used was added to widen the applicability of this type of raffle.

**5.6.1(h) Crossbows as prizes**—This was added due to requests from the industry.

**5.6.1(i) Loyalty program points**—Changes have been made to this section for clarification.

**Format change:** You will note that the format of the LLPM has been amended to be more accessible. When you view the PDF, click the bookmark icon on the left (see below) to open a clickable table of contents, which you can use to scroll through and find material quickly.

**Please note:** The Terms and Conditions for various lottery types, as well as some of the Registrar's Standards, are also being updated and will be released in the near future.
